Nothing contained herein shall form the basis of any contract or commitment whatsoever. The Corporation reserves the right in its sole discretion to reject any subscription in whole or in part. There is no public market for the release of the Shares and such securities will be subject to restrictions under legislation that will vary depending upon the relevant jurisdiction. Investors must have the financial capacity and willingness to accept the high risks and lack of liquidity inherent in investments that will not be transferable except in very limited circumstances.

In making an investment decision, prospective investors must rely on their own due diligence examination of the Corporation and the terms of the offering, including the merits and risks involved. Prospective investors should not construe the contents of this investor presentation as legal, tax, investment or accounting advice by the Corporation or any of its directors, officers, shareholders, employees, advisors or agents, including, without limitation, any agents for the offering. This investor presentation does not take into account the particular investment objectives or financial circumstances of any specific party who may receive it. Each party who reviews this investor presentation must make its own independent assessment of the Corporation after making such investigations and each prospective investor is strongly urged to consult with its own advisors with respect to legal, tax, regulatory, financial and accounting matters, including the merits and the risks involved of any investment in the Corporation. In particular, any estimates or projections or opinions contained herein necessarily involve significant elements of subjective judgment, analysis and assumption and each recipient should satisfy itself in relation to such matters. Achievement of the Corporation's business plan involved significant risk. Certain information included in this Presentation, including any information as to future financial results; share value; or operating performance and other statements that express expectations or estimates of future performance, constitute 'forward-looking statements'.

For example, statements about expected timelines for completing financings, finalizing license applications or Lease Acquisition Health Canada, acquiring land, finalizing collaborations and contractual arrangements, market growth and size, the Corporation's strategies and objectives, future revenues, EBITDA and profits, expected timing and receipt of necessary government licensing, forecast number of product lines and sales, expected timing for completion of construction, planned partnerships and commencement of operations are all forward-looking statements. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by management of the Corporation, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual financial results, performance or achievements to be materially different from the estimated future results, performance or achievements expressed or implied by those forward-looking statements and the forward-looking statements are not guarantees of future performance. Expected as required by law, the Corporation disclaims any obligation to update or revise any forward-looking statements, whether as a result of new information, events or otherwise. Readers are cautioned not to put undue reliance on these forward-looking statements. The focus of the Corporation's business is the growing Beauty industry.
