

ZENA LECLERCQ

ACTIVITIES MANAGER

We have hired, Zena, an Indigenous activities manager to oversee activity programming through an Indigenous lens. She will be activating nature activities including traditional gold panning, wilderness survival, vegetation/animal recognition, scavenger hunts, history trivia, and river activities. Zena is a graduating student of the Bachelor of Conservation Biology program at the University of Alberta. She has 7 years of experience in the Wildlife Control Field and 16 years as both a participant and in a leadership role with Scouts Canada. Her passion for wildlife and nature has become a great asset. Second to her passion for nature, is her passion for people. She has excellent skills in communication and rapport building that given our guests the best customer experience. Zena thrives in this dynamic environment where every day is unique, requires creative problem solving, and a great attitude.
